

### **REMARKS**

This Amendment Under 37 C.F.R. §1.312 is filed in response to a Notice of Allowance mailed on June 16, 2005. Applicant appreciated the issuance of the Notice of Allowance.

On July 1, 2004 the undersigned submitted an Election and Response to a Restriction Requirement mailed June 4, 2004. The Restriction Requirement required restriction of the invention to one of three species. Further, the Examiner indicated that claim 1 was generic to all species.

In the Election and Response, the undersigned elected to pursue Species A, as defined therein, comprising claims 1-13 and withdrew claims 14-17. In a subsequent Amendment and Response filed October 20, 2004, responsive to the Office Action mailed July, 20, 2004, the undersigned inadvertently cancelled claims 14-17 from the application.

This Amendment Under 37 C.F.R. §1.312 reintroduces the previously withdrawn, then inadvertently cancelled claims 14-17 as new claims 18-21. New claims 18-21 are identical to claims 14-17 except for some slight modifications to certain terminology which reflect earlier amendments in the base claims. Applicants believe the new claims 18-21 are allowable as they are dependant upon an allowed base claim which is generic to all original species. These amendments contain no new matter.

Conclusion

Applicants respectfully requests entry of the above amendments prior to issuance of the presently allowed application.

The Examiner is respectfully invited to contact Todd W. Galinski at (336) 607-7448, to discuss any matter relating to this application.

Respectfully submitted,

Date: 6/30/05
